

5 REASONS

TO USE **OCEANVIEW**[®] WINDOWS

1 Safety & Simplicity. All OceanView units come standard with **15/16" double-strength laminated glass with tempered glass for the sacrificial lite.** Additionally, since it is standard, there is no need to worry about window locations that require tempered glass.

4 Industry leading **two-week leadtime**, including mullied units and custom sizes.

2 OceanView products come **custom-made** with the option of being **factory mullied.** The **structural mullion attaches directly to the rough opening**, delivering great strength and stability to the finished installation.

5 **Heavy-duty extruded screens** with **BetterVue**[®] screening are **standard** on all OceanView products.

3 **Patented Tilt-n-Lock technology** that provides a one-handed tilt operation and clean sightlines. No large and obtrusive tilt latches affecting your view.
