

# 5 REASONS

## TO USE OCEANVIEW® WINDOWS

**1 Safety & Simplicity.** All OceanView units come standard with **15/16" double-strength laminated glass with tempered glass for the sacrificial lite.** Additionally, since it is standard, there is no need to worry about window locations that require tempered glass.

**4** One of the **fastest turnaround times in the industry**, including mullled units and custom sizes.

**2** In addition to double-hungs, we offer a single-hung with removable top sash for a clean architectural look and easy replacement. **We have a full product line of customizable individual and factory mullled products to fit your desired style.**

**5 Easy installation.** No additional clips or brackets needed for OceanView products.

**3 Patented Tilt-n-Lock technology** that provides a one-handed tilt operation and clean sightlines. No large and obtrusive tilt latches affecting your view.
